4.3.5 TESTIMONIES FROM BENEFICIARIES OF BSG PROJECTS

Perpetual Oboh, 15 (girl) Breman-Asikuma Presby JHS.

'I used to be very disobedient. Formerly, when my mother sent me to do jobs, I refused. I would never do what she asked me. And I also used to insult her. I would say, "Go away". I was always like that, from when I was small. My mother used to get angry with me.

'When I got the Bible my mother took it and started reading it and I used to listen. That's what brought the transformation in my life. When my mother read she also used to pray and ask God to change my life.

'I heard her reading the fifth commandment. I heard that you should honour your father and mother so that you would have a long life in the land. That spoke to me. I realized that this disobedience would cut my life short. I wanted to have a longer life, so I decided to base my life on the Word of God.

'So now I help my mother and she's very pleased with me. I've got an area to farm and I help with the harvest and carry things. 'When I leave school I want to be a nurse. I really want to save people's lives

Teacher, Emmanuel Anim-Boateng, (37) Breman-Asikuma JHS, Central Region.

'To a large extent, the Bibles have been a help to the children. We used to have the old King James Version and that didn't invite the children to read because they couldn't understand it. Now they have this Bible [the Good News] they read it.

'It's helping them as individuals. Perpetual used to be really naughty. She falsely accused the teachers of making her kneel in the sun. The parents came to the school to enquire about it. We were amazed that such a young girl could make up such stories against the staff. It wasn't an easy time.

'She also used to skive off school at the end of the day. We have an hour's extra classes between 2-3pm, but she always used to disappear at 2pm. Now she's much more serious about her studies and she's a nice child to have around. 'The Bible's had a part to

play in bringing about this change in her. 'Michael's family are idol worshippers. People go there and pay for sacrifices and curses. I have seen a big change in him now, after he received a copy of the Bible.'

Trauma Healing Helps For Good Counsel

'I must admit that the training I have received so far has been beneficial to me it has changed the way I handle people who are grieving. It has helped me appreciate the fact that every traumatic situation is unique to the individual concern and that there is no one best approach in handling traumatic issues. Recently, a staff in my office lost a (3) weeks old baby. In the past, I wouldn't have allowed him to pour out his feelings, I would have started quoting some scriptures and advising him on what to do at that moment and recommend strategies others used to cope with similar situations etc.

But through the training I have learnt how to listen actively to people's issues and to encourage them to express how they are feeling. I learnt not to rush in recommending solutions or scriptures but rather to pray to God to do the healing. At the end of our discussions, he admitted he felt better than when he came. Thank you.'

Lesson Well Learnt

"I joined my current school a year ago and I am a Junior High pupil, 15 years old. In my previous school I can count the number of friends I have that have engaged in pre-marital sex that has resulted in teenage pregnancy". They were my friends and the tendency to have a boyfriend and practice what they did was very high. Due to the rise of teenage pregnancy in the school, my parents decided to change my school. They knew that i could fall a victim as well. There has not been enough education about teenage pregnancy in my former school.

When I joined my new school, i realized that everyone was studious with their books, and they have some knowledge on teenage pregnancy. I am glad to have changed school because i have just had the opportunity to take part in the teenage pregnancy awareness programme. I have learnt about the consequences of teenage pregnancy. I will keep all

the lessons I have learnt here and share with my friends at home. I believe if my other friends had the opportunity that I have had now, they wouldn't have fallen a victim to teenage pregnancy.

I have learnt that I am too young to engage in sexual intercourse and that i have a bright future ahead of me. Suzzy

Excited With My Braille Scripture

I am grateful my school have received copies of the braille Bible. This will help me catch up with my sighted friends during Christian Religious Studies class. I am able to read and answer questions in class as well. I know that my grades will get better in Christian Religious Studies". Comment by Stella Adjei a student.

COUNCIL'S RESPONSIBILITIES AND APPROVAL

The Council is required by the Companies Act, 2019 (Act 992) to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements satisfy the financial reporting standards with regards to form and content and present fairly the statement of financial position, results of operations and business of the Society and explain the transactions and financial position of the business of the Society at the end of the financial year. The annual financial statements are based on appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The Council acknowledges that they are ultimately responsible for the system of internal controls established by the Society and places considerable importance on maintaining a strong control environment. To enable the Council to meet these responsibilities, the Council sets standards for internal controls aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the Society and all employees are required to maintain the highest ethical standards in ensuring the Society's business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the Society is on identifying, assessing, managing and monitoring all known forms of risk. While operating risk cannot be fully eliminated, the Society endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The Council is of the opinion, based on the information and explanations given by management that the system of internal controls provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal control can provide only reasonable, and not absolute, assurance against material misstatements or loss. The going-concern basis has been adopted in preparing the financial statements. Based on forecasts and available cash resources the council has no reason to believe that the Society will not be a going concern in the foreseeable future. The financial statements support the viability of the Society.

The annual financial statements have been audited by the independent auditing firm, Intellisys, who have been given unrestricted access to all financial records and related data. The Council believes that all representations made to the independent auditor during the audit were valid and appropriate. The external auditor's report is presented on pages 33 to 35.

INDEPENDENT AUDITOR'S REPORT

TO THE COUNCIL OF THE BIBLE SOCIETY OF GHANA

OPINION

We have audited the financial statements of The Bible Society of Ghana set out on pages 36 to 49, which comprise the statement of financial position as at 31 December 2023, the statement of comprehensive income, the statement of changes in reserves and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the accompanying financial statements give a true and fair view of the financial position of The Bible Society as at 31 December 2023 and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) for Small and Medium-sized Entities (SME's), with the IAS 29 directive issued by the Institute of Chartered Accountants Ghana (ICAG), and in the manner required by the Companies Act, 2019 (Act 992).

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of The Bible Society in accordance with the International Code of Ethics for Professional Accountants (Including International Independence Standards) (the Code) issued by the International Ethics Standards Board for Accountants (IESBA). We have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have no key audit matter to report in this regard.

OTHER INFORMATION

The Council is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

COUNCIL'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Council is responsible for the preparation and fair presentation of the financial statements that give a true and fair view in accordance with International Financial

Reporting Standards (IFRS) for Small and Medium-sized Entities (SME's) with the IAS 29 directive issued by the Institute of Chartered Accountants Ghana (ICAG), the requirements of the Companies Act, 2019 (Act 992), and for such internal controls as the Council determines necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, the Council is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant

to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.
- Conclude on the appropriateness of the Council's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

The Companies Act 2019, (Act 992) requires that in carrying out our audit work, we consider and report to you on the following matters. We confirm that:

- We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- In our opinion proper books of account have been kept by the Society so far as appears from our examination of those books; and

- The Society's statement of financial position and statement of comprehensive income are in agreement with the books of account.
- in our opinion, to the best of our information and according to the explanations given to us, the accounts give the information required under the Act, in the manner so required and give a true and fair view of the state of affairs of the Society at the end of the financial year and of the surplus or deficit for the financial year then ended.
- we are independent of the Society pursuant to section 143 of the Companies Act, 2019 (Act 992).

The engagement partner on the audit resulting in this independent auditor's report is MyraStella Ansaah (ICAG/P/1438)

ACCOUNTING POLICIES

ANNUAL REPORT AND FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2023

1. GENERAL INFORMATION

The Bible Society of Ghana was registered as a Corporate body on September 23, 1967 under the Trustees (Incorporation) Act 1962, (Act 106). It was registered as a Company Limited by Guarantee on May 19, 2015 under the Companies Act 1963 (Act 179) now Companies Act 2019, (Act 992). The Society is domiciled in Ghana with its registered office and principal place of operation at the Bible House, James Town, John Atta Mills High Street, Accra.

The principal activity of the Society is to ensure the widest possible, effective and meaningful distribution of the holy scripture and the helping of people to interact with the word of God.

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of The Bible Society of Ghana have been prepared in accordance with International Financial Reporting Standards (IFRS) for Small and Medium-sized Entities (SME's) and the Companies Act, 2019 (Act 992). The financial statements have been prepared under the historical cost convention except for modification to a fair value basis for some assets.

The preparation of financial statements in conformity with the International Financial Reporting Standards (IFRS) for Small and Medium-sized Entities (SME's) requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying its accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The principal accounting policies applied in the preparation of these annual financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Going Concern

The Council has made an assessment of its ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. The Council is not aware of any material uncertainties that may cast significant doubt on the Society's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

2.2 Foreign currency translation

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Society operates (functional currency). The Society's functional currency is Ghana Cedis (GHS).

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in statement of comprehensive income.

2.3 Inventory

Inventory is stated at the lower of cost and estimated selling price less costs to complete and sell (net realisable value). The cost of inventory comprises cost

of purchase and other cost incurred in bringing it to its present location and condition. Cost is determined using the weighted average method.

2.4 Property, plant and equipment

Property, plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the council.

The Society adds to the carrying amount of an item of property, plant and equipment the cost of replacing parts of such an item when that cost is incurred. If the replacement part is expected to provide incremental future benefit to the Society, the carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to surplus or deficit during the period in which they are incurred.

Land is not depreciated. Depreciation on other assets is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range as follows:

Asset class	Depreciation rate
Land	
Buildings	2.50%
Motor vehicles	25%
Fixtures and fittings	20%
Air condition	50%
Computer equipment	33.33%

2.5 Financial instruments

Trade and other receivables: Trade receivables are recognised initially at the transaction price less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the non-profit organisation will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents: Cash and cash equivalents includes cash on hand, demand deposits and other

short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Trade and other payables: Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

2.6 Revenue

Revenue is measured at the fair value of the consideration received or receivable. Revenue is shown net of value-added tax, returns, rebates and discounts.

Revenue from the sale of goods is recognised when:

- significant risks and rewards of ownership of the goods have been transferred to the buyer;
- the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably; and
- it is probable that the economic benefits associated with the transaction will flow to the entity; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

2.7 Employee benefits

The liability for employee benefit obligations relates to government-mandated payments under the National Pensions Act 2008, Act 766. All full-time employees are covered by the programme. A payment is made by the Society of 13% of the employees basic salary in addition to a 5.5% contribution by the employees towards the pension as defined under the Act.

2.8 Related parties

A related party is a person or entity that is related to the entity that is preparing its financial statements (in this standard referred to as the 'reporting entity').

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

The Council and key management staff are regarded as related parties of the Society. All transactions between the Society and its related parties have been disclosed under note 18.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical accounting estimates and assumptions

The Society makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

3.2 Useful life of Property, Plant and Equipment

The Council determines the estimated useful lives and the related depreciation charges for its property,

plant and equipment. The Council will increase the depreciation charge where the useful lives are less than previously estimated, or it will write-off or write down technically obsolete assets or assets that have been abandoned or sold.

Receivables

Critical judgement is made by the Council in determining the recoverable amount of impaired receivables.

Credit risk is the risk that financial loss arises from the failure of a customer to meet its obligation under a contract. The Society has dedicated standards, policies and procedures to conduct and monitor all such risk. Although the Society is potentially exposed to credit loss in the event of non performance by counter party, such credit risk is controlled through credit control policies where credit sales are only made to established dealers. Strict control is exercised through the monitoring of cash received from customers and provisions made for specific doubtful debts where necessary.

The amount that best represents the Society's maximum exposure to credit risk at 31st December 2023 and 31 December 2022 is the carrying value of trade receivables in the statement of financial position.
